

LEADERSHIP SHIFTS FOR CAREER READINESS

FEBRUARY 22, 2017

PRESENTER
DR. RICHARD D. JONES
Successful Practices Network*

Who Should Attend

- District and Site Administrators
- CTE Teachers
- Counselors

CTEIG Criteria #8/High Quality CTE Element #1 calls for **leadership at all levels** for implementation of high quality Career Technical Education (CTE). School leaders must ensure that CTE is rigorous and prepares students for future careers. In this workshop, participants will understand leadership shifts that are necessary to enhance career readiness and support innovative and rigorous CTE.

ESSENTIAL QUESTIONS

- ✓ What are the leadership shifts necessary to create a school culture that reflects an emphasis on career readiness?
- ✓ What are the elements for ensuring rigorous and high quality Career Technical Education programs?
- ✓ How should Career Technical Education, Career Pathways, and Career Readiness programs benefit students?
- ✓ What resources are available to school leaders to support improvement in Career Technical Education?

* Successful Practices Network (SPN) is a not-for-profit organization started by Dr. Willard Daggett to share best practices in schools. SPN has benefited from two Bill and Melinda Gates Foundation grants to conduct research on the best practices in high schools. SPN currently has a contract with the NYS Ed. Department to provide Technical Assistance to schools working to improve the quality of Career Technical Education.
